

STUTTERING U.

A Summer Camp for Children Who Stutter Ages 8-12

Fluency intervention aims to reduce tension while speaking, overcome anxiety and avoidance of certain speaking situations, develop an understanding and awareness of stuttering, and discover individualized tools and strategies to facilitate fluent speech.

**2 week camp:
Monday-Thursday July 19-29
8:30AM-11:30AM**

Research shows that children who stutter benefit from an **intensive intervention** program (multiple days per week) that is supported by evidence based methods.

Camp Includes:

- 2 50-minute individual fluency therapy sessions
- 1 50-minute group fluency therapy session with other children in the program
- 2 50-minute parent education groups
- Facebook group for parents
- Treatment summary with specific recommendations that can be shared with current SLP and/or school
